## Mounted Rolling Basket Seed Bed Finisher

### Single Mounted Rolling Basket

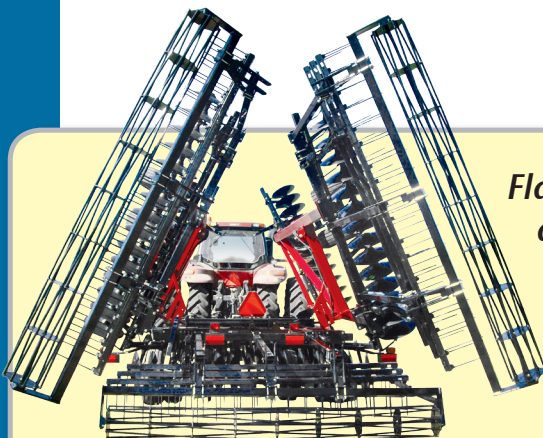

Flat Bar Basket

Round Bar Basket

Use the Rolling Basket in combination with your cultivator, disc, or field finisher to accomplish secondary tillage in one pass! This creates an exceptional seed bed. By creating downward pressure it reduces clod size, improves the evenness of your seed bed, and knocks dirt off of old root crowns and any existing weeds.

*Flat and Round bar are available in Standard and Heavy Duty Baskets*
